INTERNATIONAL SEARCH REPORT

International application No.

PCT/US04/21472

A. CLASSIFICATION OF SUBJECT MATTER IPC(S): A61K 43/42 US CL: 514/311 According to International Patent Classification (IPC) or to both national classification and IPC B. FIELDS SEARCHED				
Minimum documentation searched (classification system followed by classification symbols) U.S.: 514/311; 702/19,20,27				
Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched				
Electronic data base consulted during the international search (name of data base and, where practicable, search terms used) Please See Continuation Sheet				
C. DOCUMENTS CONSIDERED TO BE RELEVANT				
Category *Citation of document, with indication, where		Relevant to claim No.		
X US 5,989,827 (Fesik et al.) 23 November 1999 (23	.11.99), See Abstract and throughout.	1-6, 15-17, 20, 23, 24, and 26-28		
	·	7-14, 18, 19, 21, 22, and 25		
X,P		1-13, 15-21, and 23-28		
Y,P		14 and 22		
Y Shiau et al. "The structural basis of Estrogen Recep antagonism of this interaction by Tamoxifen" Cell (937, see Abstract and throughout.	7-10			
Y Marinissen et al. "A network of Mito-gen-Activated protein kinases Links G Protein-coupled receptors to the c-jun promotor: a role for c-Jun NH2-terminal Kinase, p38s, and extracellular signal-regulated kinase 5", Molecular and Cell Biology, (June 1999), Vol. 19, pages 4289-4301, see especially Abstract and throughout.		11-14		
Further documents are listed in the continuation of Box C.	See patent family annex.			
Special categories of cited documents:	"I" later document published after the inter date and not in conflict with the applica			
"A" document defining the general state of the art which is not considered to be of particular relevance	principle or theory underlying the invention "X" document of particular relevance; the claimed invention cannot be			
"B" earlier application or patent published on or after the international filing date "L" document which may throw doubts on priority claim(s) or which is cited to	considered novel or cannot be consider when the document is taken alone	ed to involve an inventive step		
establish the publication date of another citation or other special reason (as specified)	"Y" document of particular relevance; the c considered to involve an inventive step with one or more other such documents	when the document is combined		
"O" document referring to an oral disclosure, use, exhibition or other means	obvious to a person skilled in the art			
"P" document published prior to the international filing date but later than the priority date claimed				
Date of the actual completion of the international search	Date of mailing of the international search report
